Take2

Biography

Take2: Where Groove Meets Cool Vibes!
Get ready to tap your toes and sway to the rhythm with Take2, the dynamic Jazz/Latin duo that's been turning heads around Durban and KZN!
Daniel Sheldon (trumpet and percussion) and the legendary Mr. Gerald Sloan (Jazz guitar) are like a musical espresso shot—bold, smooth, and impossible to resist.
Picture this: You're at a chic wine tasting, the sun dipping below the horizon. The air is filled with the sultry notes of "Girl From Ipanema," and you're sipping your favourite vintage. Or maybe it's a swanky cocktail party—the kind where everyone's dressed to impress. Take2 sets the mood with classics like "Summertime" and "Mack the Knife." The crowd's grooving, and you're feeling like the star of your own black-and-white movie. And when it's time for a romantic dinner at that cozy restaurant, guess who's providing the soundtrack? Yep, it's Take2! Their music weaves seamlessly through candlelit conversations, adding that touch of elegance. Oh, and weddings? They've got you covered. Imagine walking down the aisle to the sweet strains of their Jazz guitar, making memories that'll last a lifetime.
But wait, there's more! For an even fuller sound, catch Take2 as part of the legendary Beat-Route jazz quartet. It's like adding extra sprinkles to your ice cream—because why settle for vanilla when you can have the whole jazz sundae?

So, whether you're sipping wine, shaking martinis, or saying "I do," Take2 brings the groove, the soul, and the magic.
