

# Gumboot dancers

**Biography**Unrivalled in demand, our energetic Gumboot dancers offer a vibrant, yet unique celebration of sheer human triumph – a refreshing, indigenous form of dance developed by the rhythmically gifted migrant laborers from South Africa’s Gold and Coal mines of yesteryear.

Through their hand-clapping, boot-slapping routines perfectly complimented by perfect a-capella song and throbbing drums they never fail to rouse emotions and get the audience feet tapping!

**Location**Western Cape, Gauteng
