

# The Red Dazzlers

**Biography** Cape Town's own Ladysmith Black Mambazo!

This is Scatamiya Music at its very best! Scatamiya Music you ask? Best described as a soul driven form of music that found its roots in the Gold and Diamond mines of yesteryear - an era when men were forced to leave their families behind as they were relocated to far off mine-fields - men alone...yearning for their families and homes. Scatamiya music incorporates a unique breed of dance - a 'walking on the toes, softly touching the floor.'

The Red Dazzlers perform as a 4 - 10 piece group.

They sing about love, unity, piece and slavery. This kind of music started in gold and diamond mines -men alone in strange places yearning for their families.

Repertoire style: Homeless, Graceland Melodies, Shosholoza, Mbube (In the jungle) and more..

Technical requirements: PA system and stage when it is necessary

Length of performance: 30-45 minutes
